90-Day MERN Daily Learning Plan

Day 1: JavaScript Foundations
- JS basics: variables, loops, functions, arrays, objects
- DOM & events
- Async programming (promises, async/await)
- Daily coding challenges
- Mini projects: Calculator, TODO app, Weather API

Day 2: JavaScript Foundations
- JS basics: variables, loops, functions, arrays, objects
- DOM & events
- Async programming (promises, async/await)
- Daily coding challenges
- Mini projects: Calculator, TODO app, Weather API

Day 3: JavaScript Foundations
- JS basics: variables, loops, functions, arrays, objects
- DOM & events
- Async programming (promises, async/await)
- Daily coding challenges
- Mini projects: Calculator, TODO app, Weather API

Day 4: JavaScript Foundations
- JS basics: variables, loops, functions, arrays, objects
- DOM & events
- Async programming (promises, async/await)
- Daily coding challenges
- Mini projects: Calculator, TODO app, Weather API

Day 5: JavaScript Foundations
- JS basics: variables, loops, functions, arrays, objects
- DOM & events
- Async programming (promises, async/await)
- Daily coding challenges
- Mini projects: Calculator, TODO app, Weather API

Day 6: JavaScript Foundations
- JS basics: variables, loops, functions, arrays, objects
- DOM & events
- Async programming (promises, async/await)
- Daily coding challenges
- Mini projects: Calculator, TODO app, Weather API

Day 7: JavaScript Foundations
- JS basics: variables, loops, functions, arrays, objects
- DOM & events
- Async programming (promises, async/await)
- Daily coding challenges
- Mini projects: Calculator, TODO app, Weather API

Day 8: JavaScript Foundations
- JS basics: variables, loops, functions, arrays, objects
- DOM & events
- Async programming (promises, async/await)
- Daily coding challenges
- Mini projects: Calculator, TODO app, Weather API

Day 9: JavaScript Foundations
- JS basics: variables, loops, functions, arrays, objects
- DOM & events
- Async programming (promises, async/await)
- Daily coding challenges
- Mini projects: Calculator, TODO app, Weather API

Day 10: JavaScript Foundations
- JS basics: variables, loops, functions, arrays, objects
- DOM & events
- Async programming (promises, async/await)
- Daily coding challenges
- Mini projects: Calculator, TODO app, Weather API

Day 11: JavaScript Foundations
- JS basics: variables, loops, functions, arrays, objects
- DOM & events
- Async programming (promises, async/await)
- Daily coding challenges
- Mini projects: Calculator, TODO app, Weather API

Day 12: JavaScript Foundations
- JS basics: variables, loops, functions, arrays, objects
- DOM & events
- Async programming (promises, async/await)
- Daily coding challenges
- Mini projects: Calculator, TODO app, Weather API

Day 13: JavaScript Foundations
- JS basics: variables, loops, functions, arrays, objects
- DOM & events
- Async programming (promises, async/await)

- Daily coding challenges
- Mini projects: Calculator, TODO app, Weather API

Day 14: JavaScript Foundations
- JS basics: variables, loops, functions, arrays, objects
- DOM & events
- Async programming (promises, async/await)
- Daily coding challenges
- Mini projects: Calculator, TODO app, Weather API

Day 15: Node.js + Express
- Node fundamentals
- NPM modules
- Creating servers
- Express routing
- REST APIs & CRUD
- Mini projects: Notes API, Blog Backend

Day 16: Node.js + Express
- Node fundamentals
- NPM modules
- Creating servers
- Express routing
- REST APIs & CRUD
- Mini projects: Notes API, Blog Backend

Day 17: Node.js + Express
- Node fundamentals
- NPM modules
- Creating servers
- Express routing
- REST APIs & CRUD
- Mini projects: Notes API, Blog Backend

Day 18: Node.js + Express
- Node fundamentals
- NPM modules
- Creating servers
- Express routing
- REST APIs & CRUD
- Mini projects: Notes API, Blog Backend

Day 19: Node.js + Express
- Node fundamentals
- NPM modules

- Creating servers
- Express routing
- REST APIs & CRUD
- Mini projects: Notes API, Blog Backend

Day 20: Node.js + Express
- Node fundamentals
- NPM modules
- Creating servers
- Express routing
- REST APIs & CRUD
- Mini projects: Notes API, Blog Backend

Day 21: Node.js + Express
- Node fundamentals
- NPM modules
- Creating servers
- Express routing
- REST APIs & CRUD
- Mini projects: Notes API, Blog Backend

Day 22: Node.js + Express
- Node fundamentals
- NPM modules
- Creating servers
- Express routing
- REST APIs & CRUD
- Mini projects: Notes API, Blog Backend

Day 23: Node.js + Express
- Node fundamentals
- NPM modules
- Creating servers
- Express routing
- REST APIs & CRUD
- Mini projects: Notes API, Blog Backend

Day 24: Node.js + Express
- Node fundamentals
- NPM modules
- Creating servers
- Express routing
- REST APIs & CRUD
- Mini projects: Notes API, Blog Backend

Day 25: Node.js + Express
- Node fundamentals
- NPM modules
- Creating servers
- Express routing
- REST APIs & CRUD
- Mini projects: Notes API, Blog Backend

Day 26: Node.js + Express
- Node fundamentals
- NPM modules
- Creating servers
- Express routing
- REST APIs & CRUD
- Mini projects: Notes API, Blog Backend

Day 27: Node.js + Express
- Node fundamentals
- NPM modules
- Creating servers
- Express routing
- REST APIs & CRUD
- Mini projects: Notes API, Blog Backend

Day 28: Node.js + Express
- Node fundamentals
- NPM modules
- Creating servers
- Express routing
- REST APIs & CRUD
- Mini projects: Notes API, Blog Backend

Day 29: MongoDB + Mongoose
- NoSQL concepts
- Collections & documents
- CRUD operations
- Mongoose models
- Mini projects: Task Manager, Auth system, JWT login

Day 30: MongoDB + Mongoose
- NoSQL concepts
- Collections & documents
- CRUD operations
- Mongoose models
- Mini projects: Task Manager, Auth system, JWT login

Day 31: MongoDB + Mongoose

- NoSQL concepts
- Collections & documents
- CRUD operations
- Mongoose models
- Mini projects: Task Manager, Auth system, JWT login

Day 32: MongoDB + Mongoose

- NoSQL concepts
- Collections & documents
- CRUD operations
- Mongoose models
- Mini projects: Task Manager, Auth system, JWT login

Day 33: MongoDB + Mongoose

- NoSQL concepts
- Collections & documents
- CRUD operations
- Mongoose models
- Mini projects: Task Manager, Auth system, JWT login

Day 34: MongoDB + Mongoose

- NoSQL concepts
- Collections & documents
- CRUD operations
- Mongoose models
- Mini projects: Task Manager, Auth system, JWT login

Day 35: MongoDB + Mongoose

- NoSQL concepts
- Collections & documents
- CRUD operations
- Mongoose models
- Mini projects: Task Manager, Auth system, JWT login

Day 36: MongoDB + Mongoose

- NoSQL concepts
- Collections & documents
- CRUD operations
- Mongoose models
- Mini projects: Task Manager, Auth system, JWT login

Day 37: MongoDB + Mongoose

- NoSQL concepts
- Collections & documents
- CRUD operations

- Mongoose models
- Mini projects: Task Manager, Auth system, JWT login

Day 38: MongoDB + Mongoose
- NoSQL concepts
- Collections & documents
- CRUD operations
- Mongoose models
- Mini projects: Task Manager, Auth system, JWT login

Day 39: MongoDB + Mongoose
- NoSQL concepts
- Collections & documents
- CRUD operations
- Mongoose models
- Mini projects: Task Manager, Auth system, JWT login

Day 40: MongoDB + Mongoose
- NoSQL concepts
- Collections & documents
- CRUD operations
- Mongoose models
- Mini projects: Task Manager, Auth system, JWT login

Day 41: MongoDB + Mongoose
- NoSQL concepts
- Collections & documents
- CRUD operations
- Mongoose models
- Mini projects: Task Manager, Auth system, JWT login

Day 42: MongoDB + Mongoose
- NoSQL concepts
- Collections & documents
- CRUD operations
- Mongoose models
- Mini projects: Task Manager, Auth system, JWT login

Day 43: React
- Components, props, state
- Hooks & forms
- API calls
- React Router
- Mini projects: Movie App, Dashboard

Day 44: React
- Components, props, state
- Hooks & forms
- API calls
- React Router
- Mini projects: Movie App, Dashboard

Day 45: React
- Components, props, state
- Hooks & forms
- API calls
- React Router
- Mini projects: Movie App, Dashboard

Day 46: React
- Components, props, state
- Hooks & forms
- API calls
- React Router
- Mini projects: Movie App, Dashboard

Day 47: React
- Components, props, state
- Hooks & forms
- API calls
- React Router
- Mini projects: Movie App, Dashboard

Day 48: React
- Components, props, state
- Hooks & forms
- API calls
- React Router
- Mini projects: Movie App, Dashboard

Day 49: React
- Components, props, state
- Hooks & forms
- API calls
- React Router
- Mini projects: Movie App, Dashboard

Day 50: React
- Components, props, state

- Hooks & forms
- API calls
- React Router
- Mini projects: Movie App, Dashboard

Day 51: React
- Components, props, state
- Hooks & forms
- API calls
- React Router
- Mini projects: Movie App, Dashboard

Day 52: React
- Components, props, state
- Hooks & forms
- API calls
- React Router
- Mini projects: Movie App, Dashboard

Day 53: React
- Components, props, state
- Hooks & forms
- API calls
- React Router
- Mini projects: Movie App, Dashboard

Day 54: React
- Components, props, state
- Hooks & forms
- API calls
- React Router
- Mini projects: Movie App, Dashboard

Day 55: React
- Components, props, state
- Hooks & forms
- API calls
- React Router
- Mini projects: Movie App, Dashboard

Day 56: React
- Components, props, state
- Hooks & forms
- API calls
- React Router

- Mini projects: Movie App, Dashboard

Day 57: MERN Integration
- Connect React to Express
- Frontend auth + tokens
- Full-stack modules
- Projects: MERN Auth, MERN Notes

Day 58: MERN Integration
- Connect React to Express
- Frontend auth + tokens
- Full-stack modules
- Projects: MERN Auth, MERN Notes

Day 59: MERN Integration
- Connect React to Express
- Frontend auth + tokens
- Full-stack modules
- Projects: MERN Auth, MERN Notes

Day 60: MERN Integration
- Connect React to Express
- Frontend auth + tokens
- Full-stack modules
- Projects: MERN Auth, MERN Notes

Day 61: MERN Integration
- Connect React to Express
- Frontend auth + tokens
- Full-stack modules
- Projects: MERN Auth, MERN Notes

Day 62: MERN Integration
- Connect React to Express
- Frontend auth + tokens
- Full-stack modules
- Projects: MERN Auth, MERN Notes

Day 63: MERN Integration
- Connect React to Express
- Frontend auth + tokens
- Full-stack modules
- Projects: MERN Auth, MERN Notes

Day 64: MERN Integration
- Connect React to Express
- Frontend auth + tokens
- Full-stack modules
- Projects: MERN Auth, MERN Notes

Day 65: MERN Integration
- Connect React to Express
- Frontend auth + tokens
- Full-stack modules
- Projects: MERN Auth, MERN Notes

Day 66: MERN Integration
- Connect React to Express
- Frontend auth + tokens
- Full-stack modules
- Projects: MERN Auth, MERN Notes

Day 67: MERN Integration
- Connect React to Express
- Frontend auth + tokens
- Full-stack modules
- Projects: MERN Auth, MERN Notes

Day 68: MERN Integration
- Connect React to Express
- Frontend auth + tokens
- Full-stack modules
- Projects: MERN Auth, MERN Notes

Day 69: MERN Integration
- Connect React to Express
- Frontend auth + tokens
- Full-stack modules
- Projects: MERN Auth, MERN Notes

Day 70: MERN Integration
- Connect React to Express
- Frontend auth + tokens
- Full-stack modules
- Projects: MERN Auth, MERN Notes

Day 71: MERN Final Projects + Deployment

- E-commerce MERN app
- Social app
- Blog app
- Debugging & testing
- Deployment: Vercel, Render, MongoDB Atlas

Day 72: MERN Final Projects + Deployment

- E-commerce MERN app
- Social app
- Blog app
- Debugging & testing
- Deployment: Vercel, Render, MongoDB Atlas

Day 73: MERN Final Projects + Deployment

- E-commerce MERN app
- Social app
- Blog app
- Debugging & testing
- Deployment: Vercel, Render, MongoDB Atlas

Day 74: MERN Final Projects + Deployment

- E-commerce MERN app
- Social app
- Blog app
- Debugging & testing
- Deployment: Vercel, Render, MongoDB Atlas

Day 75: MERN Final Projects + Deployment

- E-commerce MERN app
- Social app
- Blog app
- Debugging & testing
- Deployment: Vercel, Render, MongoDB Atlas

Day 76: MERN Final Projects + Deployment

- E-commerce MERN app
- Social app
- Blog app
- Debugging & testing
- Deployment: Vercel, Render, MongoDB Atlas

Day 77: MERN Final Projects + Deployment

- E-commerce MERN app
- Social app
- Blog app

- Debugging & testing
- Deployment: Vercel, Render, MongoDB Atlas

Day 78: MERN Final Projects + Deployment
- E-commerce MERN app
- Social app
- Blog app
- Debugging & testing
- Deployment: Vercel, Render, MongoDB Atlas

Day 79: MERN Final Projects + Deployment
- E-commerce MERN app
- Social app
- Blog app
- Debugging & testing
- Deployment: Vercel, Render, MongoDB Atlas

Day 80: MERN Final Projects + Deployment
- E-commerce MERN app
- Social app
- Blog app
- Debugging & testing
- Deployment: Vercel, Render, MongoDB Atlas

Day 81: MERN Final Projects + Deployment
- E-commerce MERN app
- Social app
- Blog app
- Debugging & testing
- Deployment: Vercel, Render, MongoDB Atlas

Day 82: MERN Final Projects + Deployment
- E-commerce MERN app
- Social app
- Blog app
- Debugging & testing
- Deployment: Vercel, Render, MongoDB Atlas

Day 83: MERN Final Projects + Deployment
- E-commerce MERN app
- Social app
- Blog app
- Debugging & testing
- Deployment: Vercel, Render, MongoDB Atlas

Day 84: MERN Final Projects + Deployment
- E-commerce MERN app
- Social app
- Blog app
- Debugging & testing
- Deployment: Vercel, Render, MongoDB Atlas
